A modern wallpaper has to combine design, practicality and materials. The distinctive trait of a wallpaper is to be a contemporary and custom-made element able to satisfy space, covering and design needs.

Londonart is all of this: we studied and created sartorial wallpaper, handcrafted works for an unmatched design product.

Our brand's identity is a combination of fashion, graphic elements and architecture; materials, fabrics, aesthetic and decoration match functional capacity for striking, outstanding and balanced results at the same time. Contemporary demands turned Londonart's wallpaper in a sheer furnishing element, specific and on-demand -tailored and out of standards - that easily satisfy interior designers and architects needs.

Londonart is contemporaneity:
an international sight in an artisanal soul: a name "Londonart" recalls the essence of art and design through decoration. Every space can become furniture thanks to a product that transforms spaces by dressing up surfaces.

Londonart is practicality:
a new concept of furniture that customises rooms with a concrete offer that solves the empty spaces problem by adapting itself to every situation.

Londonart is art:
patterns are wisely created by our designers: artists, architects, illustrators, tattoo artists and stylists put hands, eyes and ideas together with inspiration and metropolitan mood to offer multiple solutions and designs.

Una carta da parati attuale deve sapere coniugare design, funzionalità e materiali. Il bello di un wallpaper, però, sta nell'essere un elemento contemporaneo e custom made, capace di rispondere alle differenti esigenze di spazio, copertura e progettazione.

Londonart è tutto questo: abbiamo studiato e creato carte da parati di livello sartoriale, opere di autentica artigianalità, per un prodotto contemporaneo, di design, unico e funzionale. L'identità del nostro brand è infatti una combinazione di moda, elementi grafici e architettura; materiali, tessuti, estetica e decoro che si sposano alla funzionalità e al bisogno di razionalità degli spazi, per risultati al contempo d'impatto e armonici. Le esigenze contemporanee hanno reso i wallpaper Londonart un elemento di puro arredamento, specifico e on demand -su misura, per ogni misura e fuori da ogni standard- che risponde a tutte le esigenze di progettisti, architetti e arredatori.

Londonart è contemporaneità:
uno spirito internazionale in un'anima artigianale e d'atelier: un nome, Londonart, che richiama l'essenza dell'arte del design, attraverso i concetti di decorazione e progettualità. Un universo di espressioni per trasformare ogni spazio in arredo. I wallpaper Londonart divengono così moda che veste le superfici, design che trasforma gli ambienti.

Londonart è funzionalità:
Una nuova concezione del wallpaper come elemento di puro arredo, capace di trasformare ogni spazio in un complemento unico, personale e innovativo.
Abbiamo ricercato e progettato una carta da parati che sia una proposta concreta per dare un'espressione razionale, capace di risolvere la problematica degli spazi vuoti, poiché customizzabile e su misura di ogni esigenza.

Davide Finotti
tattoo Artist

Raised in many cities' underground spaces he always had the desire to express the discomfort which continuously oppressed him. It was a generational discomfort and after many artistic steps between sculpture, music and painting, found a natural way out in tattoos' world. Marking with bold strokes is the final aim. Rough tattoos lacking in frills representing the harshness of life, uncompromised black enhances the essence of our existence. Total negation of appearance and beauty with an end in itself.

Cresciuto negli ambienti underground di varie città ed ha sempre avuto il bisogno di esprimere quel disagio che lo ha, sin dall'inizio, perseguitato. Un disagio generazionale interiore che, dopo vari passaggi "artistici" tra scultura, musica e pittura, ha trovato naturale sbocco nel mondo del tatuaggio nostrano. Segnare con tratti marcati rappresenta il fine ultimo. Tatuaggi ruvidi e senza fronzoli a rappresentare la durezza della vita, il nero senza compromessi per esaltare l'essenza dell'esistere, negazione totale dell'estetica e dell'esteriorità fine a se stessa.

(H) earth beat

Pattern naturali: flora, foglie, alberi, animali esotici e orizzonti lontani.

Vapori leggeri, morbide orchidee, fiori di ciliegio teneri, bambù e rampicanti, rose inglesi, lilium e bouquet mélo, fiori di campo avvolti in una tenera nebbia azzurra. Fiorirà un giardino, sarà come entrarvi dentro. Tappeti boschivi di foglie secche, toni d'ambra e rosso, ma anche trasparenze e sovrapposizioni che diventano arredo, declinandosi nell'autenticità di un panorama autunnale, o trasformandosi in pattern geometrici e strutturati. Farfalle, colibri, carpe e pesci che fluttuano sinuosi, elefanti, fenicotteri rosa, giraffe, tucani in foreste incantate: una corolla di motivi legati a mondi d'Oriente, o carioca; colori accesi su sfondi pastello e dai toni anticati, a volte degradanti, per dare un'originale armonia di sfumature.

(H)earth beat combina mood romantici, d'ispirazione vittoriana, a illustrazioni e geometrie frattali combinate a sfondi inusuali, come pietra e pixel, per un design d'impatto e contemporaneo che esprime il massimo su grandi spazi murari e destinazioni d'uso differenti, per ricreare bouquet unici in ogni ambiente.

(H) earth Beat

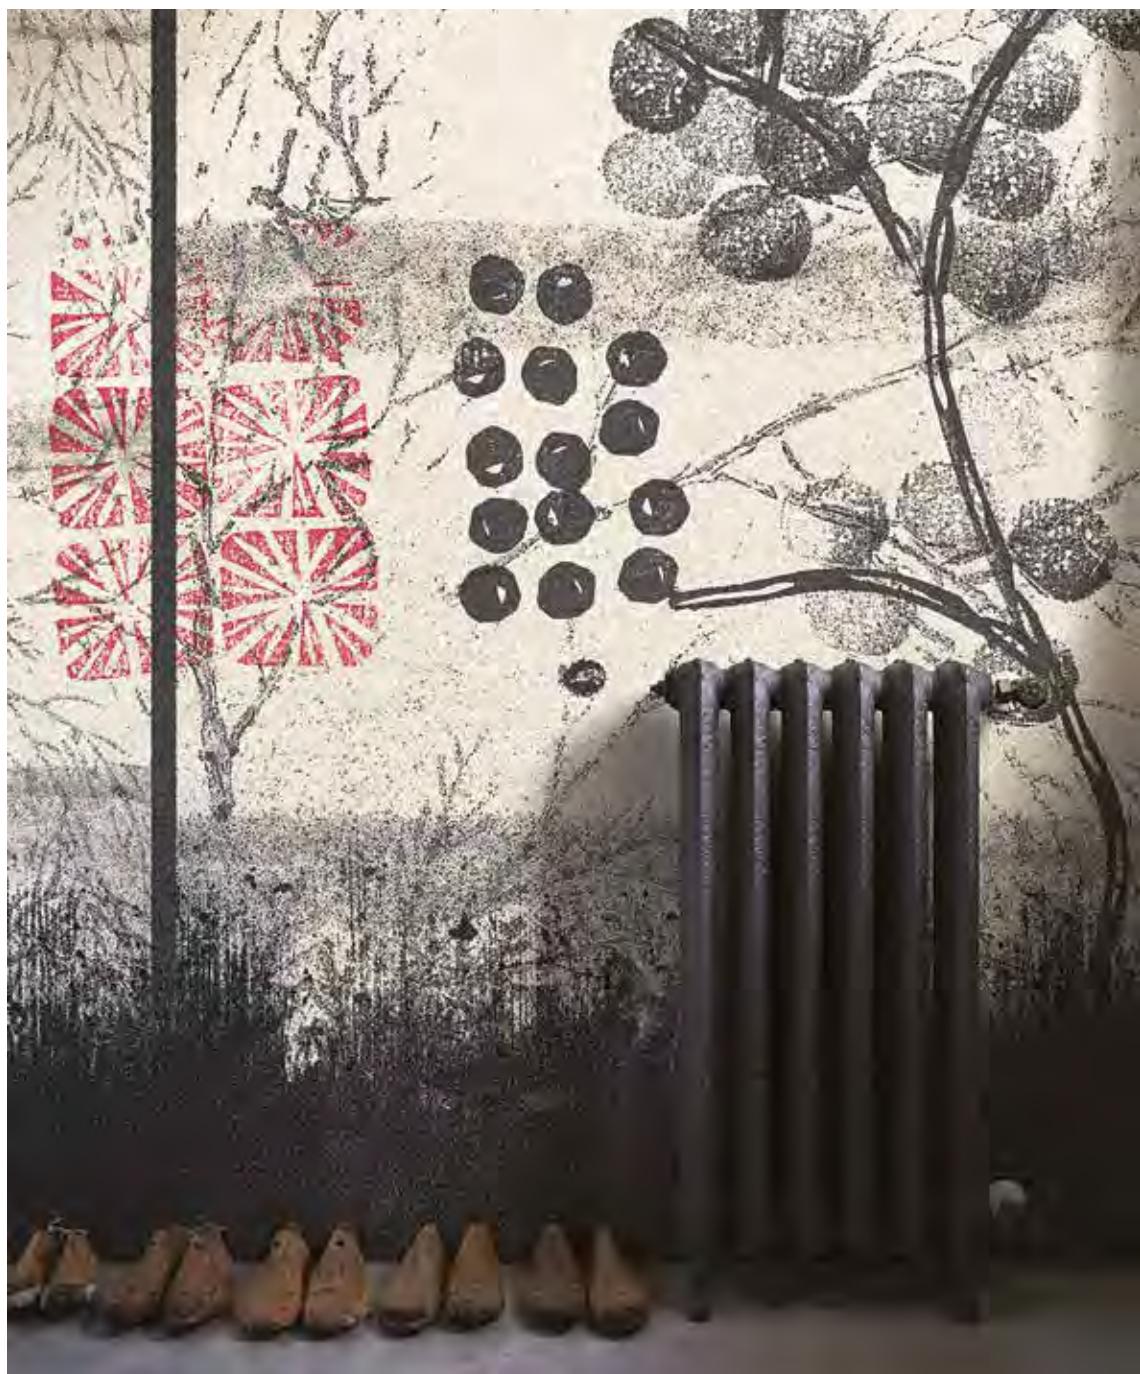

Natural Patterns: flora, leaves, trees, exotic animals and distant horizons.

Light vapours, soft orchids, tender cherry blossom, bamboos and climbers, English roses, lilies and bouquets, wildflowers in a gentle light blue haze. It will be like going into a garden in flower. Carpets of dry leaves, in amber and red tones, but also transparency and overlapping which creates part of the decor, slipping into an authentic autumn panorama, or transforming itself into structured, geometrical patterns. Butterflies, humming birds, sinuous carp and fish, elephants, pink flamingos, giraffes, toucans in enchanted forests: a corolla or carioca of motifs linked to oriental worlds. Bright colours on pastel backgrounds and antiqued tones, at times in graded shades to give original and harmonious nuances.

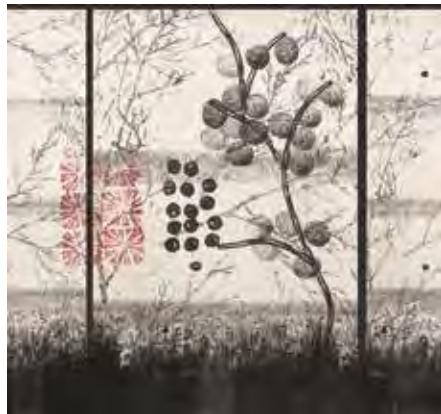

(H)earth Beat combines romantic moods with a Victorian feel, with illustrations and fractal geometries on unusual backgrounds, such as stone and pixels, to produce a striking, contemporary design. Perfect for large wall spaces or for other uses, to recreate unique bouquets in any environment.
