EXCLUSIVE
WALLPAPER

A modern wallpaper has to combine design, practicality and materials. The distinctive trait of a wallpaper is to be a contemporary and custom-made element able to satisfy space, covering and design needs.

Londonart is all of this: we studied and created sartorial wallpaper, handcrafted works for an unmatched design product.

Our brand's identity is a combination of fashion, graphic elements and architecture; materials, fabrics, aesthetic and decoration match functional capacity for striking, outstanding and balanced results at the same time. Contemporary demands turned Londonart's wallpaper in a sheer furnishing element, specific and on-demand -tailored and out of standards - that easily satisfy interior designers and architects needs.

Londonart is contemporaneity:

an international sight in an artisanal soul: a name "Londonart" recalls the essence of art and design through decoration. Every space can become furniture thanks to a product that transforms spaces by dressing up surfaces.

Londonart is practicality:

a new concept of furniture that customises rooms with a concrete offer that solves the empty spaces problem by adapting itself to every situation.

Londonart is art:

patterns are wisely created by our designers: artists, architects, illustrators, tattoo artists and stylists put hands, eyes and ideas together with inspiration and metropolitan mood to offer multiple solutions and designs.

Una carta da parati attuale deve sapere coniugare design, funzionalità e materiali. Il bello di un wallpaper, però, sta nell'essere un elemento contemporaneo e custom made, capace di rispondere alle differenti esigenze di spazio, copertura e progettazione.

Londonart è tutto questo: abbiamo studiato e creato carte da parati di livello sartoriale, opere di autentica artigianalità, per un prodotto contemporaneo, di design, unico e funzionale. L'identità del nostro brand è infatti una combinazione di moda, elementi grafici e architettura; materiali, tessuti, estetica e decoro che si sposano alla funzionalità e al bisogno di razionalità degli spazi, per risultati al contempo d'impatto e armonici. Le esigenze contemporanee hanno reso i wallpaper Londonart un elemento di puro arredamento, specifico e on demand -su misura, per ogni misura e fuori da ogni standard- che risponde a tutte le esigenze di progettisti, architetti e arredatori.

Londonart è contemporaneità:

uno spirito internazionale in un'anima artigianale e d'atelier: un nome, Londonart, che richiama l'essenza dell'arte del design, attraverso i concetti di decorazione e progettualità. Un universo di espressioni per trasformare ogni spazio in arredo. I wallpaper Londonart divengono così moda che veste le superfici, design che trasforma gli ambienti.

Londonart è funzionalità:

Una nuova concezione del wallpaper come elemento di puro arredo, capace di trasformare ogni spazio in un complemento unico, personale e innovativo.

Abbiamo ricercato e progettato una carta da parati che sia una proposta concreta per dare un'espressione razionale, capace di risolvere la problematica degli spazi vuoti, poiché customizzabile e su misura di ogni esigenza.

Davide Finotti
tattoo Artist

Raised in many cities' underground spaces he always had the desire to express the discomfort which continuously oppressed him. It was a generational discomfort and after many artistic steps between sculpture, music and painting, found a natural way out in tattoos' world. Marking with bold strokes is the final aim. Rough tattoos lacking in frills representing the harshness of life, uncompromised black enhances the essence of our existence. Total negation of appearance and beauty with an end in itself.

Cresciuto negli ambienti underground di varie città ed ha sempre avuto il bisogno di esprimere quel disagio che lo ha, sin dall'inizio, perseguitato.

Un disagio generazionale interiore che, dopo vari passaggi "artistici" tra scultura, musica e pittura, ha trovato naturale sbocco nel mondo del tatuaggio nostrano. Segnare con tratti marcati rappresenta il fine ultimo. Tatuaggi ruvidi e senza fronzoli a rappresentare la durezza della vita, il nero senza compromessi per esaltare l'essenza dell'esistere, negazione totale dell'estetica e dell'esteriorità fine a se stessa.

Materic

Materiali naturali e lavorati per wallpaper dall'effetto tattile e assolutamente realistico.

Materic è la serie wallpaper che richiama l'identità materica di ambienti in legno, cemento, metalli e marmo, fino a inglobare anche carta e tessuti: il rivestimento materico abbraccia così anche le superfici murarie, per ambienti che giocano, a tutto tondo, con ogni tipologia di legno grezzo, con sezioni di tronchi e assi verniciate; ma anche mattoni rossi, bianchi e turchesi, fino a ricercatissimi pattern marmorei, con venature candide, quarzi luminosi; pietre grezze e maioliche invecchiate.

Materic è una collezione che combina materia ed effetti naturali, realistici, tridimensionali e in grado di ricreare un mood e un gioco di superfici quasi tangibili. L'interior décor si veste di atmosfere naturali, di lavorazioni artigianali, di materiali invecchiati, per un mood che combina l'urban con la ricercatezza e la resa incredibilmente aderente alla realtà degli elementi naturali, come pietre e legno.

Materic

Natural and processed materials to give a tactile and absolutely realistic effect.

Materic is the wallpaper series that recalls the material identity of wood, cement, metal and marble, but also includes paper and fabrics. In this way, the material covering wraps all around the mural surfaces, in areas which use all types of natural wood, with sections of trunks and varnished planks, but also red, white and turquoise bricks or very refined marble patterns, with pure white veins and luminous quartz, rough stones and aged majolica.

Materic is a collection that combines natural, realistic and 3D materials and effects, able to create an almost tangible mood and play on surfaces. The interior decor is imbued with a natural atmosphere and with artisan workmanship, where antiqued materials are used to create a mood which blends an urban feel with the refined and incredibly lifelike representation of natural elements, such as stone and wood.
